The benefits of 3P's Line Manager Training

The crucial role of the front-line manager in any organisation can have a significant influence on the levels of engagement and productivity of your people. The Line Manager(s), which can represent about 5% of your entire workforce, are **'the key influencers'** that have a significant influence on the other 95% of your workforce.

Hence the 3P philosophy of **'The Power of 95'**

Programme Structure:

TEAM LEADING

COMMUNICATION & INFLUENCE

EFFECTIVE TEAMWORK

Your Line Managers and Team Leaders will take part in 5 days of training, practical exercises and workplace activity:

4 classroom based days (including workplace exercises)

This is where Lean Leaders will be trained, coached and mentored. In their role of Line Manager or Team Leader and as key influencers within your organisation, there will be emphasis given to Effective Teamwork, Communication & Influence and Team Leading, as well as instruction and learning of key behavioural tools, techniques and exercises to embed the learning in preparation for workplace activity and application.

1 workplace based day (accompanied by a trainer / consultant)

The application is focused on **Leading Effective Team**; so your Line Managers and Team Leaders need to be equipped to positively impact your organisations challenges. This will necessitate workplace based activity with real implementation of the knowledge gained in the classroom and recorded by a portfolio of evidence.

Education → Understanding → Application

The 3P Line Management training incorporates classroom based learning, workplace simulation activities, and workplace application. This programme is aimed at your key influencers in the workplace responsible for team(s), performance and in your business. Companies which invest in Line Management typically enjoy improved **employee morale** and can influence a **safer** work environment, improved **quality**, increased **efficiency**, better **customer service**.
